Title: COC participates in National Apprenticeship Week, announces new programs
Publication Date: November 16, 2016
Summary: At community colleges throughout California, apprenticeship programs combine on-the-job training with supplemental school instruction for three to five years while students earn an income.
According to the California Community Colleges Chancellor's Office, more than 25,000 apprentices are enrolled in 160 apprenticeship programs in 66 trade and craft titles on 39 community college campuses.
The CAMAC-South program is a registered apprenticeship program specializing in 11 occupations within the advanced manufacturing industry, like machinist, maintenance technician and welder.
Based on the CAMAC Standards introduced by John Dunn of **American River College** in conjunction with Siemens Corporation, the program aims to support local companies in developing skilled laborers.
