

Violence Intervention & Prevention is *The Solution*

We want you to be a part of a safe and secure college community, and so we are requiring all Los Rios students to complete an online education program on sexual assault and sexual violence. This program covers sexual assault, dating violence, stalking and - just as important - how to intervene as a bystander.

Nearly 3 of every 4 college students say they would intervene in a potentially dangerous situation . . .

**Would
You?**

Instructions for Completing the Online Training:

1. Log on to eServices and complete the entire program.
2. Make sure you complete the evaluation section at the end of the training.
3. Save your certificate of completion in case you need it later.
