

1.0 Authorization

- 1.1 The Board of Trustees authorizes the Chancellor/Superintendent to develop outreach programs.
 - 1.1.1 Outreach programs should provide regular or specifically constructed programs and services to persons not previously served in an adequate manner.
 - 1.1.2 An outreach program recognizes the need to provide services to various segments of the population who need special resources of the District before they become regular participants in on-campus instructional programs or an established off-campus program.
 - 1.1.3 A developmental program is designed to encourage persons specified in 1.1.1 into regularly provided instructional services offered by a college or an off-campus instruction center.
 - 1.1.4 Outreach programs designed for any one group of citizens will, in most instances, be a "demand" type of activity not consistently and regularly repeated in the same form or pattern. The plan for the program will include a termination date which shall be reviewed after the program has been established.

2.0 Program Operation

- 2.1 The Chancellor/Superintendent or designee is authorized to develop such administrative rules, regulations, and procedures as may be required in the operation of outreach programs.
